Kristine,

Our initial review of your revised RI Section 8 indicates it does not include text that was agreed-upon during our informal negotiations in spring of 2013. Attached please find copies of email correspondences between Elizabeth Allen and Laura Kennedy that detail the text that should be included in Section 8.

Please confirm whether you agree this text should be included in the revised RI Section 8.

Thanks, Jim.

Bob and Jim – I am pleased to provide you with EPA's comments and direction to produce the draft final Remedial Investigation report. Attached to this email is the letter and direction documents. I will send all the other enclosures to

Jen Woronets for distribution to the LWG unless I hear from you that another means of delivery is required. Please post these enclosures on the LWG portal within 3 days so others may have access to them. Let me know if you have any questions, concerns, or require clarifications on any of the comments and direction provided. Consistent with the AOC, the LWG has 30-days to provide the draft final RI report to EPA, which is May 27, 2015. We look forward to reviewing this deliverable for final approval.
